Plaintiff's Discovery Motion And Petition For Writ Of Mandamus

NOW COMES THE Plaintiff Christopher A Walters before the Honorable United States
District Court to enter this Discovery Motion and Petition For Writ of Mandamus to wit:

1. Commissioner Michael Astrue and Administrative law Judge Sandra C Rogers are asked to admit that no Statutory basis exist for reviewing the facts and issues of Chris Walters SSI claim 261-90-6357 as heard in Walters V Astrue USDC, NM cv-07-257 without a US District Court review or review by US Circuit Court of Appeals.
2. Commissoner Michael Astrue is asked to admit the fact that the Administrative Law Judge Sandra C Rogers is not prepared; adequately trained; nor equipped to review and act on material issues in the SSI Claim.
3. Chris Walters therefore respectfully Petitions the US District Court to issue a Writ of Mandamus to the Commissioner Michael Asture and his staff to release the balance of Chris Walters back pay estimated to be about \$11,000 prior to the scheduled date of release On April, 2008 to provide for moving forward with medical treatment, purchase of vocational training equipment, and to absorb Court Costs not provided for in the current \$873.00 SSI payment as explained more fully in the Attached Memorandum of Law.

Memorandum of Law In Support of Discovery Motion
& Petition For Writ of Mandamus

NOW COMES THE Plaintiff Pro Se Chris Walters before the Honorable United States District Court in this Memorandum of Law In Support of Discovery Motion & Petition For Writ of Mandamus to wit:

1. **Citation of Authority** Discovery has been ORDERED by the US District Court on 1-41-2008.
2. Commissioner Michael Astrue and Administrative law Judge Sandra C Rogers are asked to admit that no Statutory basis exist for reviewing the facts and issues of Chris Walters SSI claim 261-90-6357 as heard in Walters V Astrue USDC, NM cv-07-257 without a US District Court review or review by US Circuit Court of Appeals as cited in Title 28 USC 1291 Final Decisions of District Court?
3. Commissioner Michael Asture is asked to admit that Administrative Law Judge Sandra C. Rogers may not be a member of the Federal Bar Association and therefore is not adequately trained nor equipped to participate in litigation issues in Federal Law and for instance has asked to interrogate Chris Walters opposing counsel of record without realizing the rules of law preclude such practice.
4. The Commissioner Michael Asture is asked to admit that Administrative Law Judge Sandra C Rogers in failing to respond to Chris Walters Notice of Appearance and Exhibit A Amended Motion to Address 2 Additional Questions request for vocational

Computer training funds because the ALJ is not adequately trained nor prepared to Adjudicate the cause.

5. The Commissioner Michael Asture is asked to admit that Administrative Law Judge has failed to acknowledge or respond to Chris Walters medical records Exhibit B nor a request to travel to Washington State to secure medical treatment where no medical authority here in Lodi, CA will accept Medi-Cal and proceed with the medical case plan.
6. The \$400.00 costs to Chris Walters to file numerous replies to ALJ Rogers hearing will prevent Chris Walters from paying his rent at the Lodi Hotel in February, 2008 and loss of residence.
7. The Court is therefore Petitioned to Issue a Writ of Mandamus to the Commissioner Michael Asture to release the balance of the SSI back pay scheduled for April, 2008 for the purpose to permitting Chris Walters:
 - a. Paying \$391.00 rent to Lodi Hotel for February through April, 2007 when the Lease expires.
 - b. Purchasing \$1,600 in computer training equipment to continue vocational Training activity.
 - c. Provides for transportation to and from Seattle, Washington to meet with Dr. Eric Strandberg to arrange appropriate referrals to a vascular surgeon And GI specialist to do GI exam to complete the medical evaluations requested.

Discussion On The Merits Of Mandamus

The 3 Notices issued by the Administrative Law Judge Sandra C Rogers propose to stop Chris Walters SSI payments without any clear cut jurisdictional right of review as well as causing Chris Walters to incur a substantial financial debt to appear and plead in defense. The loss of Chris Walters place of residence at the Lodi Hotel means that Chris Walters will again live in the homeless shelter system which the parties have learned through 10 years of painful experience is neither equipped nor prepared to assist disability related activities.

If Chris Walters has to return to a homeless shelter it is extremely unlikely that the completion of medical evaluations could be completed and the disabilities which have been described as treatable would then be stated as being permanent. The parties might consider it a matter of common sense that 45 doctors (5 or 6 of which are SSI doctors) have for the last 11 years prescribed a colon exam which no one is willing to pay for will become a permanent write off if no further progress is made by April, 2008. The recent defeat of the California Governors medial program in the California

legislature suggest that it is unlikely that the needed medical work can be completed in California due to budget constraints.

Dr. Eric Strandberg has the physician of record for both Chris Walters and SSA is an obvious choice to supervise the medical work the parties require. A short train ride on Amtrack from Lodi to Seattle with a 1 night stop over would probably cost \$300.00 and complete the final diagnostic work everyone has been waiting on for some years.

The current request for by the ALJ relates to questions asked about vocational training which SSA has requested but declines to fund or permit Chris Walters to use his back pay to move forward with the emergency management structure research used by Washington State which has an estimated 90% approval rating which is likely to help Chris Walters eventually find employment. The back pay will also help Chris Walters to more adequately participate with the Court proceedings as required by paying for postage and printing costs.....

3116 W March Lane Ste 100
Stockton, CA 95219-2374

**Appended Motion To Address 2 Additional Questions
To Office of Hearings & Appeals?**

Addressed To the Honorable Administrative Law Judge Sandra Rogers:

I am Christopher A. Walters SS 261-90-6357 prevailing counsel of record before the USDC, NM (Walters v Astrue 07-257 JH/RLP) and Congress and I wanted ask your office to address 2 additional questions which might apply if the US District Court permits your office to acquire my medical records:

**Question #1 Concerning Judge Herbert's Failure to
Complete The Record Per Instructions of Appeals Council?**

1. **Exhibit A:** Citation of Authority Title 42 USC Sec 423(b)(5)(d) Disability Determinations is the statute which requires the Commissioner to have all Chris Walters medical records before requesting additional evidence.
2. **Exhibit B:** ORDER from Appeals Council of December 12th, 2005 to Administrative Law Judge William Herbert requiring him to complete the record....
3. **Citation of Authority:** Judge Herbert's ruling of April 20th, 2005 failed to complete the record and include all Chris Walters 200 some odd doctors and other medical authorities and it would seem difficult if not impossible for your office or the Commissioner to complete the record without medical documentation.
4. If permission is given to admit medical evidence we might ask who will secure additional medical records to replace the records Judge Herbert either threw away, discarded, are missing.
5. If Chris Walters is required to secure such records the cost is \$100.00 postage and \$20.00 postage or perhaps your office would prefer doing the research internally?

Question #2 Concerning SSA Refusal to Fund Vocational Training

1. **Exhibit C:** Is a request of April 27th, 2007 to your New Mexico staff for funding for a vocational/computer training activity.
2. **Exhibit D:** Is the current online computer training program which involves placing the entire emergency management structure of Washington State online and giving Chris Walters a public service activity likely to place him in proximity to potentially gainful employment.
3. If the Social Security Administration is still interested in vocational training the cost of Computer Equipment out of back pay is probably:
 - a. \$800.00 Laptop computer

- b. \$200.00 printer, other accessories.
- b. \$200.00 Internet access.
- c. \$400.00 for printing and mail out of finished CD-Rom products to 39 counties in Washington States and private interest.

If Social Security is still unwilling to participate in the vocational training activity which apparently prompted Judge Herbert's latest inquiry I can always wait until the rest of the backpay is released in April/May 2008 to resume the project.

**NOTICE OF ORDER OF APPEALS COUNCIL
REMANDING CASE TO ADMINISTRATIVE LAW JUDGE**

CHRISTOPHER A. WALTERS
c/o Dr. Robert Cannon
7335 Ritchie Dr.
San Antonio, TX 78724

What This Order Means

We have sent your case back to an Administrative Law Judge. In the enclosed order, we explain why we did this and what the Administrative Law Judge will do about your claim.

In addition to what we ordered the Administrative Law Judge to do, the Administrative Law Judge may also do anything else needed to complete the claim.

What Happens Next

An Administrative Law Judge will contact you to tell you what you need to do.

If You Have Any Questions

If you have any questions, you may call, write, or visit any Social Security office. If you do call or visit an office, please have this notice with you. The telephone number of the local office that serves your area is 210-472-4400. Its address is:

**SOCIAL SECURITY ADMINISTRATION
OFFICE OF HEARINGS AND APPEALS**

ORDER OF APPEALS COUNCIL

REMANDING CASE TO ADMINISTRATIVE LAW JUDGE

In the case of	Claim for
<u>CHRISTOPHER A. WALTERS</u> (Claimant)	Period of Disability and Disability Insurance Benefits Supplemental Security Income
(Wage Earner) (Leave Blank if same as above)	<u>261-90-6357</u> (Social Security Number)

The Administrative Law Judge dismissed the claimant's request for hearing on July 7, 2005. The claimant asked the Appeals Council to review the Administrative Law Judge's dismissal.

The Appeals Council grants the request for review under the authority of the Social Security Administration regulations (20 CFR 404.970 and 416.1470). The Appeals Council vacates the Administrative Law Judge's order of dismissal and remands this case for further proceedings (20 CFR 404.960, 404.977, 416.1460 and 416.1477).

When a request for hearing is dismissed based on withdrawal of the request, the record must show that the claimant fully understands the effects of such an action (HALLEX I-2-420A). The record does not indicate that the claimant understood the effects of withdrawing the request for hearing and the record in this case does not reflect that the claimant was fully advised of the effects. Therefore, the Appeals Council concludes that there is good cause to vacate the dismissal action in this case.

In addition, as necessary, the Administrative Law Judge may also refer to HALLEX I-2-524C since the record shows that the claimant has refused to undergo a consultative examination.

CHRISTOPHER A. WALTERS (261-90-6357)

Page 2 of 2

The Administrative Law Judge may take any further action needed to complete the administrative record.

Technical Expert Betsy Huber
Social Security Administration
2141 Summit Court
Las Cruces, NM 88011

RE: Request Purchase Computer Equipment
Vocational Training/Employment Search Activities:

Dear Technical Expert Betsy Huber:

In 2001 the Social Security Administration in Boise, Idaho completed a "Reconsideration" and requested I engage in a vocational training activity which might improve my job skills/employability. The vocational training involves computer related works which might be appropriate for a person who has limited ability to stand; loss of bowel control; and a history of clerical work and the report includes:

1. SSA recommendation for Voc Rehab.
2. Letter from Doctor Robert Canon of University of Texas School of Social Work identifying areas of work and volunteering to be the computer instructor.
3. Computer related volunteer activity at Winston Salem Public Library (news article)
4. Homeland Security Related research project in Washington State which has been endorsed by hundreds of law enforcement; government; and others.
5. Estimate of costs to purchase laptop computer/accessories.

Purpose of Current Activities/Expenditures

I am hoping to purchase a laptop computer and improve contacts in Washington State with the goal of aim of securing employment inside of a government agency/nonprofit in Washington State through expanded contacts.

Sincerely
Chris Walters

Chris Discovers Challenges Indigent Health Care

You are probably one of the numerous social service agencies; doctors; or other professional dealing with my disability or medical questions medical history. This 9 year national survey review the mechanisms of failure for profit which cost society an estimated \$20,000 a year to support a homeless person and create a net \$200,000 loss in treatment of this simple medical problems.

Congestive Heart Failure
2001-2005

Congestive Heart Failure?

What 10 doctors originally described as needing aspirin a day; later described as pretibial edema in legs; stasis ulcers; Congestive Heart Failure with periodic buildup of fluid in lungs; liver, and colon structure-limits my ability to stand more than 3 hours a day. As Dr. Eric Strandberg of US Health Works explained on 10-25-2005 nobody ever did an "Echo Cardiogram" or other specific test to

Have You Hugged A Plague Carrier Today?

Patrick Clark explained to his staff there is absolutely nothing medically wrong with Chris and you should give him a big hug everytime he comes to the office. The daily ritual of hugs; handshakes; and other physical contact not recommended by many doctors went on for a whole 2 weeks. Most unfortunate-all those nice folks got a real nasty case of Staph poisioning; many required medical treatment; 1 was hospitalized; maybe 50 persons made ill and you guessed it Patrick Clark didn't get a sniffle. The emergency room doctor here at Providence Hospital in Medford, Oregon won't come within 5 feet of me and explains persons who carry MRSA are the leading cause of death of emergency room physicians.

David Bradshaw sued both Chris Walters and Social Security Representative in North Carolina claiming government negligence caused him to be hospitalized twice. North Carolina pleaded they could violate the law whenever they wish.. 80 doctors & other sources treat chronic infections many of which suggest coliform bacteria or a resistant form of Staph which various 3rd parties discovered is as doctors suggested highly communicable.

exactly define the problem.

Venous

Name: WALTERS, CHRIS
Date: 05/02/2007 Time: 13:52
Sex: M
Room ID: OP
Ref. Dr.: ROSENBERG

Patient ID: 2007-0710
Date of Birth: 10/17/1950
Age: 56
Examined by: JVALENZU/VALENZU, RVT
Read by Dr.: MICHAEL KELLER

Patient is being examined due to leg swelling bilaterally.

RESULTS:

VENOUS DUPLEX IMAGING: High resolution, real time B-mode gray scale featuring color Doppler direction flow imaging ultrasound of the venous lower extremity:

Distal external iliac, common femoral, greater saphenous at the femoral junction, superficial femoral veins were imaged from approximately one centimeter above the inguinal fold region, through the adductor canal. The popliteal, posterior tibial, peroneal and gastrocnemius veins were imaged from the proximal calf at the popliteal fossa, through the medial malleolus at the ankle region.

Good augmentation of flow upon distal calf compression maneuvers at all sites sampled. Normal spontaneous and phasic flow is noted in all sites.

Impressions

No evidence of acute deep venous thrombosis. There is a superficial thrombo-phlebitis seen in some varicosed veins in the RT and LT calf. Valvular incompetence is present in the femoral veins bilaterally and in the greater saphenous veins bilaterally. There is an incompetent LT Cockett 3 perforator.

MICHAEL KELLER, M.D.
